

MOMENTARY TIME SAMPLING DATA SHEET

STUDENT		OBSERVER	
----------------	--	-----------------	--

BEHAVIOUR	
------------------	--

Instructions: Mark “+” if the behaviour occurred **at the end** of the interval. Mark “-” if the behaviour did not occur **at the end** of the interval.

Percentage: Divide the number of intervals marked “+” by the total number of intervals and multiply by 100

DATE		INTERVAL LENGTH	
-------------	--	------------------------	--

Interval	1	2	3	4	5	6	7	8	9	10	%
Behaviour Occurrence											

DATE		INTERVAL LENGTH	
-------------	--	------------------------	--

Interval	1	2	3	4	5	6	7	8	9	10	%
Behaviour Occurrence											

DATE		INTERVAL LENGTH	
-------------	--	------------------------	--

Interval	1	2	3	4	5	6	7	8	9	10	%
Behaviour Occurrence											

DATE		INTERVAL LENGTH
