

WHOLE INTERVAL RECORDING DATA SHEET

STUDENT		OBSERVER	
----------------	--	-----------------	--

BEHAVIOUR	
------------------	--

Instructions: Mark “+” if the behaviour occurred **throughout** the interval. Mark “-” if the behaviour did not occur **throughout** the interval.

Percentage: Divide the number of intervals marked “+” by the total number of intervals and multiply by 100

DATE		INTERVAL LENGTH	
-------------	--	------------------------	--

Interval	1	2	3	4	5	6	7	8	9	10	%
Behaviour Occurrence											

DATE		INTERVAL LENGTH	
-------------	--	------------------------	--

Interval	1	2	3	4	5	6	7	8	9	10	%
Behaviour Occurrence
